

Product Specification Sheet

Kara 1200 Mirror With Demister – RKA120

Front lit in its design, the Kara gives you prime lighting to brighten up any space. The Demister function defogs the mirror of any steam or mist, giving you the comfort of knowing after a hot shower your mirror will still be crystal clear, saving you time in the morning. Its traditional mirror shape gives it a classic elegance, whilst its illuminated border modernizes its look. As it can be hung either horizontally or vertically, the Kara series will suit any space seamlessly.
